- ⇨ With backslit.
- ⚡ Also available in Red, Yellow, Green and Blue.
- + Swiss Post.

CopyTack and DataTack Labels are manufactured with great care. To ensure problem free processing it is however important to follow the printer manufacturer's instructions, ensure that the machine is in good condition and that the labels have been correctly stored. For these reasons, our warrantee covers only replacement of labels. It is recommended to store unused CopyTack and DataTack labels at about 20°C room temperature and about 50% relative humidity. Store unused labels in the original box away from prolonged sunlight, radiators or other heat sources.
